

Product Datasheet

YG2425CB12 DigiSender™ 26dB Parabolic Dish Antenna

*Connect this parabolic dish to your
DigiSender™ Long Range receiver to create
a link with a range up to 5km*

PRODUCT SUMMARY

- Increase the range of your DigiSender™ Long Range DG300 up to 5km (free-air) by connecting this antenna to the receiver
- Pre-fitted with 12.5m low loss cable
- Narrow beamwidth eliminates potential interference
- Supplied with all fixings
- Installer to provide antenna mast and cable fixings

This antennae can be connected directly to our DigiSender Long Range (DG300) receiver to create a long range audio/video link.

The antenna is pre-wired with 12.5m of high quality low loss cable making installation a doddle

*Please note that all quoted ranges will vary from site to site.
Never guarantee specific ranges without a full site survey.*
