The DigiSender® XD is a 100% digital wireless video sender system that uses spread spectrum communication, providing interference free operation and extended range performance. It also boasts a DigiConnector™ SCART input, a SCART output, RC5/6 compatible remote relay, the IR Systeme Technik™ remote relay kit and comes in a sleek and modern piano black design.

Using spread spectrum technology provides the most reliable wireless video sender transmission yet, as the DigiSender® XD will work flawlessly alongside Wi-Fi, Bluetooth devices, games console controllers and many other wireless devices in your home.
